

MULTI LIFE SAVERS FOR THE LESS PRIVILEGED FOUNDATION

2024 ANNUAL IMPACT REPORT

Introduction

The year 2024 marked a significant chapter in the journey of Multi Life Savers for the Less Privileged Foundation. It was a year characterized by transformation, hope, empowerment, and measurable impact across communities. Despite prevailing economic challenges, the Foundation remained committed to its mission of restoring dignity, creating opportunities, and improving the quality of life for vulnerable individuals and families.

Through the dedication of our staff, volunteers, partners, donors, and supporters, we expanded our interventions in youth empowerment, education, healthcare, food relief, livelihood development, community welfare, and sports development. Our programmes were intentionally designed not only to address immediate needs but also to create sustainable pathways for growth, self-reliance, and long-term community transformation.

The successes recorded during the year reflect the power of collaboration and our shared commitment to building a society where every individual has the opportunity to thrive regardless of their circumstances.

Executive Summary

In 2024, Multi Life Savers for the Less Privileged Foundation delivered impactful programmes that reached thousands of beneficiaries across Nigeria.

Our flagship MLS Techpreneurship Conference attracted over 5,000 young people and served as a platform for innovation, entrepreneurship, and digital transformation. Following the conference, more than 1,500 participants received intensive training in Cybersecurity, Frontend Development, Backend Development, Graphic Design, and Digital Marketing.

The Foundation strengthened educational access by supporting more than 800 students, awarding 27 scholarships, paying WAEC examination fees for over 340 students across 16 schools, and sponsoring JAMB registration fees for 135 students.

Healthcare interventions reached approximately 594 beneficiaries through medical assistance, maternal healthcare support, emergency interventions, and specialized treatment programmes. Additionally, medical outreach programmes were conducted to provide free healthcare services to underserved communities.

Food relief initiatives supported more than 7,600 vulnerable individuals, while livelihood empowerment programmes provided tools and resources to help beneficiaries establish sustainable sources of income.

The Foundation also invested in sports development, empowering over 100 young athletes through football development programmes that combined sports training with educational and welfare support.

These achievements demonstrate our commitment to sustainable development, poverty reduction, youth empowerment, and community transformation.

About the Organization

Multi Life Savers for the Less Privileged Foundation is a humanitarian and development-focused organization dedicated to improving lives through strategic interventions in education, healthcare, youth empowerment, livelihood support, sports development, and community welfare.

Our vision is to build a society where vulnerable individuals are empowered with opportunities to achieve their full potential and contribute meaningfully to their communities.

Through partnerships, innovation, and community-driven programmes, the Foundation continues to provide practical solutions to social and economic challenges while promoting sustainable development.

2024 Impact Highlights

- * Over 5,000 youths participated in the MLS Techpreneurship Conference.
- * More than 1,500 youths received free digital and technology skills training.
- * 27 educational scholarships awarded.
- * Over 800 students benefited from educational support programmes.
- * WAEC (Junior and Senior) examination fees paid for over 340 students across 16 schools.
- * JAMB registration fees sponsored for 135 students.
- * Approximately 594 individuals received healthcare assistance.
- * 94 women received maternal healthcare support.
- * 7 beneficiaries received specialized international medical treatment assistance.
- * Medical outreach programmes conducted in underserved communities.
- * More than 7,600 individuals benefited from food relief initiatives.
- * 18 sewing machines distributed for livelihood empowerment.
- * 9 professional hair clippers distributed to beneficiaries.
- * 19 women received business support materials and empowerment assistance.
- * Free water support provided to schools and communities.
- * More than 100 young athletes benefited from football development programmes.

Youth Empowerment and Technology Development

Youth empowerment remained one of the Foundation's highest priorities in 2024. The MLS Techpreneurship Programme provided young people with exposure to opportunities within the rapidly growing digital economy. Through a two-day conference attended by over 5,000 participants, young people were inspired by

industry experts, entrepreneurs, innovators, and professionals who shared valuable insights on technology, leadership, entrepreneurship, and personal development.

Following the conference, more than 1,500 participants completed a three-month technology training programme covering:

- * Cybersecurity
- * Frontend Development
- * Backend Development
- * Graphic Design
- * Digital Marketing

The programme focused on practical skills acquisition, mentorship, innovation, and employability. Outstanding participants received scholarships with Genesy Tech Hub, while selected beneficiaries received laptop support to facilitate continued learning and career growth.

The success of the programme was made possible through partnerships with Aqua Rapha Investment Limited, Genesy Tech Hub, JKings Properties, and the Ministry of Science and Technology.

Education Interventions

Education remains one of the strongest tools for breaking the cycle of poverty and creating lasting opportunities.

Through Unique and Fine College and other educational support initiatives, the

Foundation continued to invest heavily in the academic and personal development of young people.

During the year, over 800 students benefited from educational support programmes that included scholarships, school fee subsidies, learning materials, healthcare assistance, welfare support, infrastructure improvements, water supply projects, robotics education, and vocational skills development.

The Foundation awarded 27 scholarships to deserving students, ensuring that financial limitations did not prevent access to quality education.

Recognizing the financial burden of national examinations on many families, the Foundation paid Junior WAEC (BECE) and Senior WAEC (WASSCE) examination fees for over 340 students across 16 schools. This intervention enabled students to sit for critical examinations necessary for their educational advancement.

In addition, the Foundation sponsored JAMB registration fees for 135 students seeking admission into tertiary institutions. This support helped many young people pursue their dreams of higher education and professional development.

Through these interventions, the Foundation strengthened educational access, improved learning outcomes, and provided opportunities for students to achieve their full potential.

Healthcare Interventions

Access to quality healthcare remains a major challenge for many vulnerable individuals and families. To address this need, the Foundation collaborated with healthcare institutions including Annunciation Hospital, MEFYS Hospital, University of Nigeria Teaching Hospital (UNTH), National Orthopedic Hospital Enugu, Parklane Hospital, and other medical facilities.

Approximately 594 individuals received healthcare assistance through programmes that provided:

- * Medical consultations
- * Treatment support
- * Emergency healthcare interventions
- * Medication assistance
- * Hospital admission support
- * Maternal healthcare services

A total of 94 women benefited from maternal healthcare support, helping to improve maternal and child health outcomes.

Additionally, seven beneficiaries received support for specialized medical treatment abroad, providing access to life-saving healthcare services.

The Foundation also organized medical outreach programmes in underserved communities, delivering free medical consultations, health screenings, medications, health education, and referrals for advanced care where necessary.

Food Relief Programme

Economic hardship continued to affect many households throughout 2024. In response, the Foundation expanded its humanitarian interventions through large-scale food assistance programmes.

More than 7,600 vulnerable individuals benefited from food distributions and

essential supplies. Beneficiaries included low-income households, widows, elderly persons, women, children, and individuals facing economic difficulties.

These interventions helped reduce hunger, improve household welfare, and provide much-needed relief to vulnerable members of society.

Livelihood and Business Empowerment Programme

The Foundation remained committed to promoting economic independence and self-reliance through livelihood support initiatives.

During the year:

- * 18 sewing machines were distributed to support tailoring businesses.
- * 9 professional hair clippers were distributed to support barbering enterprises.
- * 19 women received business support materials and start-up assistance.

These interventions enabled beneficiaries to establish or expand income-generating activities, improve household income, and strengthen their economic resilience.

Water and Community Welfare Support

Access to clean and affordable water is essential for healthy and productive communities. Through the support of Aqua Rapha Investment Limited, the Foundation continued providing free water to schools, communities, and vulnerable households.

Beyond direct water interventions, Aqua Rapha Investment Limited contributed significantly to stabilizing water costs by making quality and affordable water accessible to many communities. This initiative reduced financial burdens on households and improved access to safe water for daily use.

These efforts contributed to better hygiene, improved health outcomes, and enhanced community welfare.

Sports Development Programme

The Foundation recognizes sports as an important platform for youth development, discipline, leadership, and social inclusion.

During 2024, more than 100 young athletes benefited from football development programmes that provided:

- * Professional football training
- * Sports equipment
- * Jerseys and kits
- * Educational support
- * Medical care
- * Welfare assistance
- * Mentorship opportunities

The programme gained national recognition through outstanding performance in a major Under-17 football competition in Nigeria, showcasing the talent, discipline, and potential of participating athletes.

Partners and Supporters

The Foundation sincerely appreciates the invaluable support and collaboration of our partners and stakeholders, whose contributions made these achievements possible.

Special recognition goes to:

- * Aqua Rapha Investment Limited
- * Genesy Tech Hub
- * JKings Properties
- * Ministry of Science and Technology
- * Annunciation Hospital
- * MEFYS Hospital
- * University of Nigeria Teaching Hospital (UNTH)
- * National Orthopedic Hospital Enugu
- * Parklane Hospital
- * Volunteers, donors, and community stakeholders

Their partnership continues to strengthen our ability to transform lives and build stronger communities.

Looking Ahead to 2025

As we move into 2025, Multi Life Savers for the Less Privileged Foundation remains committed to expanding its reach and deepening its impact.

Our priorities include:

- * Expanding scholarship opportunities and educational support.
- * Increasing access to digital skills and technology training.
- * Strengthening healthcare interventions and medical outreach programmes.
- * Expanding food security and humanitarian assistance programmes.
- * Empowering more women and youths through livelihood support initiatives.
- * Creating additional entrepreneurship opportunities.
- * Increasing access to clean water and community welfare services.
- * Strengthening partnerships for sustainable and scalable impact.

With continued support from our partners, donors, volunteers, and communities, we are confident that 2025 will bring even greater opportunities to transform lives, restore hope, and create lasting change.

Together, we are empowering lives, restoring dignity, and building a brighter future for all.
